

I see in MY dreams

When time has brought on a change
And my heart begins to lie heavy
What more can I take from my time
But memories, clear memories

So peaceful calm just you there with me
No thought no time but all I can see
Everything bright so clear so whole
My heart is there for you

*I see in my dreams, all those smiling happy faces
I see in my dreams, love happy not weary
I see in my dreams, those fond and special places*

My time is played out, I must think of leaving
Why do I need anger sorrow or grieving
You're young free and always there for me
My memories clear memories

*I see you in my dreams, it's so nice to chat
I see you in my dreams, to recall with fondness
I see you in my dreams, thank you so very much for that*

It's time to recollect all those times together
Those small silly things that remind me most of you
My eyes are weary I'm tired of this struggle

*I see you in my dreams; it's so nice to chat
I see you in my dreams, to recall with fondness
I see you in my dreams; it's so nice to see you
I see you in my dreams, that precious time together
I see you in my dreams, all those special moments
I see you in my dreams, how wonderful they all are
I see you in my dreams, I could never forget you
I see you in my dreams, thank you so very much for that*

It's time to recollect all those times together
Those small silly things that remind me most of you
My eyes are weary I'm tired of this struggle

*Because I see you in my dreams,
I see you in my dreams,
I see you in my dreams, oh why must I wake*
